Professional Summary

Full-Stack Developer and final-year Computer Science student with hands-on experience building production-grade **Full-Stack** applications and **AI-integrated systems** using the LLM API. Seeking **Software Engineer** or **Full-Stack Developer** fresher roles to contribute to scalable product and AI development.

Technical Skills

Programming	Java, JavaScript (ES6+), TypeScript, Python
Frontend	React.js, HTML5, CSS3, Tailwind CSS, Responsive Web Design
Backend	Node.js, Express.js, REST API Design, MVC Architecture
Databases	MongoDB (Mongoose ODM), MySQL
Authentication	JWT (JSON Web Tokens), Session-Based Authentication
AI & GenAI	Gemini API, Prompt Engineering, LLM API Integration
Developer Tools	Git, GitHub, VS Code, IntelliJ IDEA, Postman, Cursor
Deployment	Vercel, Render
Concepts	Data Structures & Algorithms, OOP, Agile Basics

Projects

DSA Instructor — AI-Powered Teaching Assistant March 2026

Tech Stack: Gemini API, React.js, Node.js, Express.js, Prompt Engineering

- Developed an AI-driven DSA teaching assistant using the **Gemini API** to explain 50+ algorithmic concepts, generate adaptive practice problems, and evaluate user solutions in real time.
- Engineered dynamic prompt templates using **few-shot prompting** to tailor explanations for beginner, intermediate, and advanced learners, reducing concept-learning time by an estimated **40%**.
- Built a structured curriculum covering **Arrays, Trees, Graphs, and Dynamic Programming** with interactive Q&A; connected React.js frontend to Node.js backend via RESTful APIs.

Project Mayaa — Role-Based Consultancy Management System February 2026

Tech Stack: React.js, Node.js, Express.js, MongoDB, JWT Authentication

- Architected a **3-tier RBAC system** (Super Admin, Admin, Domain Expert) secured with **JWT authentication**, enforcing zero unauthorized access across all user tiers.
- Developed **15+ RESTful API endpoints** for expert assignment, contact management, and business insight workflows, reducing manual coordination effort by an estimated **50%**.
- Designed normalized **MongoDB schemas** and a centralized reporting dashboard to optimize query efficiency and streamline consultancy operations at scale.

College MarketPlace — Student E-Commerce Platform November 2025

Tech Stack: React.js, Node.js, Express.js, MongoDB, Multer

- Built a full-stack student marketplace with **college-email-based authentication**, restricting platform access to verified institutional users only.
- Integrated multi-source image upload (camera + gallery) with **client-side file validation** for type and size; optimized **MongoDB queries** with compound indexing, improving response time by **30%**.
- Designed a fully **responsive React.js UI** with RESTful API integration, ensuring consistent UX across mobile and desktop devices.

Education

Excel Engineering College, Komarapalayam, Tamil Nadu Expected May 2027

B.E. Computer Science Engineering **CGPA: 7.8 / 10.0**

Relevant Coursework: Data Structures & Algorithms, DBMS, Object-Oriented Programming, Operating Systems, Computer Networks

Certifications

- Introduction to MERN Stack** — Simplilearn (Jan 2026) | Certificate Code: 9692811
- Complete SQL Bootcamp: Zero to Hero** — Udemy (Feb 2025)
- Core Java Bootcamp: Zero to Hero** — Udemy (Mar 2025)

Initiatives & Leadership

- Open Source Bootcamp for Juniors (2025)** — Conducted a self-organized, hands-on program for junior students covering **Git & GitHub** (version control workflows, branching, and pull requests), an overview of the **SDLC process**, and end-to-end **frontend deployment using Netlify**; empowered participants to independently publish and share their own projects.

Achievements & Coding Profiles

- GitHub:** github.com/aveenashkumar — 3+ public repositories with live deployments; actively contributing since 2024.
- LeetCode / GeeksforGeeks:** Actively solving Data Structures & Algorithms problems across Easy and Medium difficulty levels.
- Self-Directed Learning:** Completed 3 industry certifications in MERN Stack, SQL, and Core Java alongside academic coursework.
